COUNCIL PLANS GAY DANCE

LEON SCHWARTZ

HEADS DANCE COMMITTEE

Saturday evening April 22, is proclaimed as the time for the greatest gaiety of the school year. The Dental School under the direction of the Student Council will present its annual dance. We urge each and everyone to attend and we need not tell you that the finest people will gather to make this a gala affair.

The music will be presented by Harry Clark and his orchestra. The site for this spectacle will be the Grand Ballroom of the Edgewater Beach Hotel. It will be informal, and the price for admission will be \$3.00 per couple.

This will be the time to come out and make "pals" and not "points". Some of us become oblivious to the social aspects of an education and never learn how to make friends.

Tickets for this dance will be available through the class presidents in the near future. Senior student L. J. Schwartz is the committee chairman, who urges your support and is doing everything possible for a successful dance.

THE RETREAT

The Dental School retreat is over, and now that an individual and subjective inventory has been taken, we shall proceed to live a better life, fuller in altruism and true gentle manliness. Having gathered strength and shown the path through the noble effort of Father Willmes, we now put this to use.

For how long? At least for awhile; and even if only for awhile, the effort was well worth it. We emerged stronger against temptation and with a clear light as to the path to follow.

AADS MEET AT FRENCH LICK

The 1950 meeting of the American Assoc. of Dental Schools, which is the twenty-seventh one, is to be held at French Lick, Indiana at the French Lick Springs Hotel, beginning March 26, and running thru March 29, 1950.

The program this year largely deals with teaching relationships. This 1950 program should have a far reaching effect on the curriculum in Dent Schools today.

The speakers are all outstanding men in their respective fields. Among

SOPHS SIP SODAS

This year the casualty list has mounted steadily for the Sophomore class. First "Ipana" Stryker mistook a piece of glass for a grounded football and got a lacerated arm instead of a first down. Then "Boston blackie" Pikarski hit the deck in the Y gym and cut his shaving arm out of commission for a week. Following Pikarski's example Vehr also hit the deck and put his arm into a cast for several weeks. Then we have Lou "Smiles" Zelazo who obviously was tiring of these nonoccupational mishaps and changed the monotony by drilling a hole in his thumb!

Congratulations to Miss Peggy Lamb and our own Jim negg who announced their engagement on March 1. We offer congratulations also to Joe McCormick and Dunbar coming to class on time the first morning of the recent storm. Seems Garling couldn't start his car so they used the CTA this time.

Congratulations to Miss Mary Mooney, of the School office staff, for her very professional and eye-pleasing art heading, which will grace INTAGLIO in the near future. It will be the permanent heading which was selected by the judges. A \$5. was awarded to Miss Mooney by the L.D.Caulk Supply Company.

FRATER PATER

The fraternities seem to be passing through a metamorphosis which finds them as dormant as wee cocoons. The coming initiations will probably startle them into flying butterflies.

The Zips and Alpha Omegas are busy making points. Interrogation of members proved futile and, consequently, we will allow them to rest in peace.

The Deltas have set April 12 as the D-day for pledge initiation. There seems to be some indication that the frat will introduce a flying OWL into their "coat of arms."

Psi Omega salutes its new officers. Those elected were Hedden, Grandmaster; Horry, Junior Grandmaster; Foerester, Secretary; Nowak, Treasurer; Stroehner, Senator; McClanahan, Chief inquisitor; Kenward, Editor; and Avery, Chaplain. The officers will be initiated on April 1st. April 15 is the initiation date for the pledges.

I wish to commend the Student Council for its every interest and effort in supporting and making this paper a better paper. From too many quarters have come

CONT. ON PAGE 4

Now that the last set of finals has disappeared in the distance and only one more pictorial lies ahead, the beginning of the end is barely perceptible.

This, then, turns eyes to the future and just naturally invoked a question such as was asked by Miss Terese, "What is going to be the role of the proximal foil in atomic warfare?", or as Al Pang has reasoned, "What will be the future of American dentistry if the Russians already have the Air-Dent?"

Since these questions are of such a grave nature a few of our deep thinkers have already laid plans for their share in this minimum effort. Luke Kosinski, through coordinated movements shall organize Chi's South side Poles in an all out fight against caries.

At the same time, residents of states between Chicago and New York shall anticipate the coming of Mort Steinberg as he clomps through town after town on his way to the East Coast to organize these people—a sig at which the children shall stare in amazement.

Dick Clark will head North with the Fluorides, Tom Mahan West with cloresium. What, then, will be your role—Hum? Are you going to be a feaster or a faminer?

EASTER HOLIDAYS APPROACH

We wish to remind you that no classes will be held April 6th to the 10th inclusive.

The Intaglio wishes all of you a very happy Easter.

DENT SCHOOL BASKETBALL TOURNAMENT

Plans for the Dental School Round Robin Basketball Tournament have materialized into reality. Any class or fraternal organization wishing to enter a team is urged to enter. Some friendly rivalries may be renewed, and some new ones begun. Forget dentures, points, and dentech for a few evenings, and get a team into shape. Any outfit in the school is eligible for the trophy which is to be presented to the winning team by the supply houses in the basement. Managers of prospective fives must contact Jim Hulet ('52) or Bruce Jagor ('52), by Wednesday April 5, to be eligible. The tournament will be played on the I.M.C.A. floor on week nights, starting around the middle of April.

ODD GAME TO FAT MEN

The fat men of the Class took a 2-1 edge over the thin men in the annual basketball contest, winning by a 55-53 score, despite the efforts of Hank Harkensee to sway Herb Simpson, the official score-keeper.

Bones Dinga, making his initial appearance with the thin men, got the scoring under way with a neat lay-up shot, and the dog-fight was under way.

<u>SKINNY MEN</u>	<u>POINTS</u>

SOBBS GAIN EASY VICTORY

The boys of '52, led by Jim Green, put on a good exhibition of tricky ball-handling and fast breaking to show under the Loy Med Frosh, by a 62-40 score.

<u>SOPH</u>	<u>POINTS</u>
Green	21
Avery	8
Granger	0
Lojeski	7
Vehr	8

J. Sullivan	8
Bloom	10
Gould	1
G. Sullivan	5
Rock	10
	<u>40</u>

The Frosh downed the Loy Med Seniors this past week, 2-0, winning on a forfeit.

The Dent Junior-Lorsham game, scheduled for March 23, was postponed.

(ILLINI) DELTS CHAMPS!

The fast-breaking, sure-shooting Delts from Illini swept to their 15th win in a row, and the League Title by trouncing their Loyola counterparts, 57-38, and the game was every bit as bad as the score indicates. Loyola led at the quarter, 12-11, but only made two points in the 2nd quarter.

<u>ILLINOIS DELTS</u>	<u>POINTS</u>

Huschart	18
Gibbons	4
Estaver	2
	<u>36</u>

FREY'S SAYINGS

By special arrangements it has been made possible for Henry Harkensee to repeat the clinic orientation period. Especially the part where the student learns to manipulate the dental chair with the patient in it. There will be added instructions in aiding patients from off the floor.

TITLES: Fernan Bourque, "most easy going"; Bill Knudsen, "most helpful to his fellow students in all fields"; Paul "Angel" Jacobs, toughest; and, "Bugs" Morgan, "most consistently good natured."

We continue to find it unbelievable that John Fassler's big Plymouth still runs. If you want to dodge a safety lane, follow Fassler.

Good news item; our Phyllis is no longer with us.

Humor with fact has it that Luther Watson has all of the equipment required for practice.

This is not a case where no news is good news-tell me of all happenings outside of short margins.

FLASHBACK NOTIS

Well, the quarter exams are over and now the only thing we have to worry about is the chemistry grade.

The introduction of the third quarter brings with it a new course, namely Dental Materials. Along with this new course comes eight o'clock class on Saturday morning. It seems that Louis Paul Lystra and Francis Minor have a dif-

INTAGLIO ACQUIRES

STAFF ROOM

The Intaglio has moved into its newly acquired quarters on the fifth floor. It is the old Navy room and is located under Dr. Kapp's office.

The members of this staff wish to thank all those who made this possible. Progress is being made and all of our efforts will be redoubled to solve our many problems.

CONT. FROM PAGE 1

these are: Dr. Ashton, dean of a large liberal arts college concerned with professional education, Dean Wood, administrative head of a large medical school where there exists that rare but healthy medico-dental relationship. Attending from our own D.C.D.S. will be Dean Schultz, Father Marshall, Mrs. Vlk, Austin Kabansek, Slicher, Kapp and Martin.

Just prior to this meeting the International Federation for Dental Research will meet on Mar. 24-26, 1950.

Scientific papers will be read at this meeting, and among the essayists are: Drs. Slicher and Kapp, Mr. Gurney, Miss Griffiths and Miss Downes.

difficult time making in time to make this class.

The Prosthetic Class is becoming a gunner class. With Joe Olson and Donald Bransheu setting the pace some of the freshmen wonder if they will ever catch up. Let's take it easy boys and help the under dog.

THE LADY NIGHT

E.F. Mikowski

Oh, Lady night! can it be
 night-
 Your pin-pricked sky pours
 heaven's light?
 Strange is your black, long
 flowing dress;
 Upon your head a half
 pearled crest.
 And ghostly shadows rise
 and fall,
 So fitfully--so gracefully
 Giving grace to your an-
 tique shawl.
 Above she gazes solemnly
 With her silent multiple
 eyes,
 Powerless to express her
 lonely sighs
 Like tomb from whose loud
 sounding hush
 No spoken word can ever
 rush.
 Once in youth I saw her
 drowsy grace-
 Yet, still I view her
 changeless face.
 Universal is your sweep!
 How nimbly and awily you
 creep
 Over the floors and up the
 walls,
 Through dim alleys and emp-
 ty halls;
 Down, down through open
 lattice drop,
 Fast, faster up some moun-
 tain top,
 Trip, trip, in through some
 forest old,
 and weaving where young
 hearts are cold.
